PROFESSIONAL EXPERIENCE

Save the Children, Prishtina, Kosovo

Monitoring, Evaluation, Accountability and Learning Officer.

February 2023 – Current

- Developed and implemented MEAL frameworks, indicators, and logframes to track project performance and impact.
- Led data collection, analysis, and visualization to inform program decisions and improve accountability mechanisms.
- Designed and conducted internal evaluations and learning reviews for ongoing projects.
- Established an Accountability Framework within the organization and assessed CSO partners on accountability and safer partnerships.
- Provided technical guidance on research methodologies, including quantitative and qualitative approaches.
- Compiled and synthesized MEAL findings into learning products (reports, infographics, blogs) for internal and external stakeholders.
- Facilitated capacity-building initiatives for project teams and partners on MEAL processes and accountability principles.

Save the Children, Mitrovica, Kosovo

Geographical Assistant in Mitrovica region.

November 2019 – January 2023

- Ensured effective project implementation by assessing community needs and designing responsive interventions.
- Conducted assessments to evaluate whether children's needs were met and identified gaps for potential Save the Children (SC) responses.
- Coordinated program implementation with partners and stakeholders across all SC thematic areas.
- Ensured activities were responsive to communities and children, aligning with SC principles, values, and compliance procedures.
- Contributed to risk assessments and implemented mitigation strategies for field teams.
- Provided high-quality data inputs for progress reports, program updates, and donor reports.

- Built and maintained collaborative and respectful relationships with implementing partners, local authorities, and stakeholders.
- Identified capacity gaps among partners and stakeholders and developed targeted capacity-strengthening programs.
- Delivered training sessions on child protection, risk assessment, and compliance.
- Led monitoring and evaluation efforts, ensuring proper documentation and data-driven decision-making.
- Extracted key lessons learned and shared insights with the geographical coordinator, SC staff, and thematic programs to enhance country programming.

Women Without Borders, Mitrovica, Kosovo

Consultant

May 2022–May 2023

- Conducted a needs assessment to identify gaps in training and support for rural communities.
- Designed and facilitated a 12-day training program on community engagement and advocacy.
- Implemented real-time monitoring and evaluation mechanisms to track participant progress.
- Prepared post-training reports with insights on impact, challenges, and recommendations for future programs.
